

eKYC

- Retail
- E-commerce

Business use cases

Create a secure shopping environment with:

- Document verification
- Collection of data

The diagram consists of four light blue circles of varying sizes arranged in a cluster. The largest circle on the left contains the text 'Onboarding'. To its right and slightly higher is a smaller circle with 'Check location'. Below the 'Onboarding' circle is another smaller circle with 'Buy products'. To the right of the 'Buy products' circle is a medium-sized circle with 'Promotion'. All circles are filled with a light blue color and have a thin white border.

Onboarding

**Check
location**

**Buy
products**

Our solutions proposed

Preventing fraud and increase security by **Liveness+OCR**

Proof scammers use fake documents to collect hefty reimbursement and support automated data entry.

Combating fraud by **Checking online DOPA**

Document authentication and validity check.

Increasing security and detect fraud by **Liveness+Facial recognition**

Users simply take a photo with a smartphone and the SCB TechX solution verifies the identity.
